SYLLABUS DEL CORSO

Marcatori Teranostici in Patologia

1718-4-H4101D297

Aims

This three-day course will give an updated overview on the more significant topics in oncology. The course will be articulated through frontal lectures and complementary slide seminars via interactive digital pathology (virtual slides). This course will make an emphasis on morphology and the use of ancillary studies as well as molecular approaches like proteomics, genetics and immunohistochemistry.

Contents

Pathological markers in oncology

Detailed program

The course will show the WHO classification and literature updating about the newest dilemmas in oncology.

Prerequisites

Oncology, Surgical Pathology

Teaching form

Lessons, miscoscopy sessions.

Textbook and teaching resource

Robbins, Pathological Diseases

Semester

Assessment method

Interactive verification at the course conclusion
