UNIVERSITÀ
DEGLI STUDI DI MILANO-BICOCCA

COURSE SYLLABUS

Criminal Law (crimes Against Public Administration and Administration of Justice)

1920-5-A5810196

Learning objectives

Acquisition of specialist knowledge about property crime and multidisciplinary expertise (legal, criminological and statistical) in critical analysis of the criminal phenomenon and public policy.

Contents

Trends in crimes against property; findings of the international research on property and theft; criminal policies.

Detailed program

The course begins with an overview of trends in crimes against property. Then, the main findings of the international research on property and theft will be discussed, also considering the criminal policies views in this field. Finally, crimes against property provided by the Italian Criminal Code will be analyzed also through case studies. In particular crimes such as theft, robbery, fraud, extortion, kidnapping for ransom and money laundering will be detailed.

Prerequisites

No specific prerequisite required

Teaching methods

Lecturers and trainings in class.

Assessment methods
