## SYLLABUS DEL CORSO

### Laboratori Professionalizzanti 1

1920-2-I0202D111

---

#### Aims

The Seminar will help students to know the infant massage as a means of communication, relationship and contact between the mother and her child. Students try to find wellness and relaxation, during a pairwork, through massage (shoulders, back and head) made by each partner.

#### Contents

INFANT MASSAGE: Basic information of infant massage. Infant massage as a means of mother-children communication. Infant massage as a means of mother-children relationship. Infant massage as a means of mother-children contact.
