

SYLLABUS DEL CORSO

Comunicazione d'Impresa

2021-3-E2004P027

Learning area

3: Study of socio-economic and cultural aspects related to communication processes

Learning objectives

Knowledge and understanding

- Main psychological theories about communication in general and about organizational communication;
- The relational and organizational dynamics of work contexts;
- The functioning of communication processes in organizational contexts.

Applying knowledge and understanding

- Critical analysis of communication processes within the work contexts
- To read and apply theoretical models to the organizational context
- To plan simple project of organizational communication

Contents

The course aims to provide theoretical and practical knowledge on organizational communication, in relation to several communication needs: institutional, financial, organizational and marketing communication. A conceptual and methodological framework of organizational communication will be provided, by considering: (1) the evolution of the needs and contents of communication in relation to organizational development; (2) the development of communication with respect to organizations and their environments.

Detailed program

- Communicational processes in the organizational change
- Organizational climates and cultures
- Organizational structures and processes: implication for communication
- Corporate communication
- Organizational communication
- Marketing communication
- Financial communication
- Crisis communication
- Corporate social responsibility
- Communication planning for organizations

Prerequisites

Nothing specific. Good knowledge of the basis of Psychology (in particular of Work and Organizational Psychology) enables a more aware use of the course contents. Students lacking such basic knowledge are encouraged to ask for a list of basic references.

Teaching methods

During the Covid-19 emergency period, lessons will be held remotely in asynchronous mode with synchronous videoconferencing events.

Assessment methods

The exam is written with open questions. The questions are aimed at ascertaining the effective acquisition of both theoretical knowledge and the ability to apply them to reality. _____
