DEGLI STUDI DI MILANO-BICOCCA

COURSE SYLLABUS

Laboratory 9

2021-3-E3901N071

Learning objectives

The Minori e Famiglia laboratory aims to:

• Understand the system of offering services for the protection of children and the role of the social worker, also in relation to the main national and international standards.

• Recognize relationship difficulties when faced with situations of need involving children and adolescents.

• Increase the ability to recognize the needs of minors and the family.

• Learn more about specific tools and working methods.

Contents

Main law's standards. Preventive and promotional work with parents and minors through socio-educational interventions. Restorative work. The responsibility of the social worker.

Detailed program

National and international legislation: general principles. The concept of interest of the child. The service system and the reference network. Some recurring themes, by way of example: the minor and separated parents; the dismissed minor: heterofamilial custody and placement in the community; the psychosocial investigation ordered by the judiciary; the removal intervention. Prevention and parenting support interventions. Tasks and responsibilities of the social worker of the child protection services.

Prerequisites

It is advisable to have an ongoing or experience

in a child protection service in progress

Teaching methods

Contribution on theories and methods. Presentation of cases by students and discussion in subgroups and plenary of experiences faced in traineeships. Exercises proposed by the teacher individually and in groups.

During the Covid-19 emergency period, lessons will take place in a mixed mode: partial presence and video lessons

Assessment methods

Final student self-assessment form. There is no examination and mark.
