

UNIVERSITÀ
DEGLI STUDI DI MILANO-BICOCCA

SYLLABUS DEL CORSO

Diritto degli Stranieri

2021-1-F8701N008

Learning objectives

A) Knowledge and understanding

Students are expected to know and understand general the principles, the objectives and the most important rules which in Italy regulate the legal status of foreigners and the immigration policies

B) Applying knowledge and understanding

Students will be able to find, interpret and apply the principal legal rules, both Italian and European, on the legal status of foreigners; to orientate among the main regulatory instruments which regulate immigration policies in Italy as well as in Europe; to solve any possible contradictions between applicable provisions. Students will also be able to understand: the main fundamental rights and duties of foreigners; the typical path followed by foreigners legally residing in Italy; when regularisation is possible; when solving the foreigner's status requires consultation and planification of public policy or administrative or judicial procedures or judicial procedures; the critical issues regarding the current rules on immigration and on legal status of foreigners.

C) Making judgements

Students will acquire independence of judgment about finding and evaluating the possible legal solutions in: solving issues concerning foreigners; public policies to be developed; the legitimacy of the norms and the administrative acts to be applied and of the actions to be taken in front of public administrations or justicial power.

D) Communication skills

Students will be able to communicate to foreigners, as well as to entities who put in place social measures or run social services or who interact with them, which are the legal problems, the main regulatory elements of the fundamental rights involved and the public policies or judicial acts that can be undertaken.

E) Learning skills

Students will be able to independently find and evaluate any legal rule; to evaluate the constitutional legitimacy of any State, regional and local regulation, as well as of any public policy of the past, the present and the future; to evaluate judicial acts; to evaluate the legitimacy of administrative acts issued at any level (national, regional and local) regarding foreigners and immigration.

Contents
