DEGLI STUDI DI MILANO-BICOCCA

COURSE SYLLABUS

Introduction To Public Law - 1

2021-1-E3301M004-T1

Learning objectives

The course aims at building a basic knowledge of the legal orders: the national legal order, the organization of the institutions of the local government and the European legal order.

In particular the course is concerned with the organization and activity of the Italian Government and other public institutions, especially the European Union. The course also provides a juridical and political framework of relations between authorities and rights with particular reference to individuals and social groups rights.

The aim is also to introduce to the study of the legal sources and to the mechanisms of their production.

The course then focuses on constitutional changes.

Contents

The course aims at building a basic knowledge of the legal orders: the national legal order, the organization of the institutions of the local government and the European legal order. The course is also directed to illustrate the relationship between individuals and institutions – national and European – with regard to the freedoms and the means of their protection.

The attention is also devoted to the most relevant aspects of public economics law: regulation of the market and public intervention in economy

Detailed program

- The basics of general public law: the legal system, States and governments.
- Sources of public law.
- Outline of Italian constitutional history.
- Constitutional organization of the Italian Republic.
- Regions and local governments.
- Rights and duties of the citizens
- International relationships of the Italian Republic.
- Public economics law: regulation of the market and public intervention in economy

Prerequisites

Knowledge of the legal sources of public law and the general organization of the Italian and European legal order.

Teaching methods
