

COURSE SYLLABUS

Further Language Skills in Management Sciences I - Spanish

2021-2-F7701M072

Learning objectives

The course seeks to provide students with an in-depth knowledge of the linguistic structures assimilated during previous courses, as well as to complete the study of Spanish morpho-syntax and train and enrich vocabulary by means of specific texts on economics .

Contents

The grammar and communicative contents of the course correspond to a B2 proficiency level according to the Common European Framework of Reference for Languages (CEFR).

The socio-cultural contents particularly concern the field economics and the respective specific vocabulary in Spanish-speaking countries.

Prerequisites

B1 spanish level of the CEFR.

Teaching methods

Lectures and exercises.

During the COVID-emergency period, the course will be delivered online by the means of previously recorded lessons and tutorials and some video-conferences in streaming. Only if possible, some meetings might be organized on campus which will be recorded.

Assessment methods

The evaluation consists of:

For students attending classes: evaluation in progress of the written and oral exercises. Written test on the grammatical contents of the course.

For students not attending classes: Written test on the grammatical contents of the course; reading comprehension of a text dealing with economics; exercises on the linguistic and lexical contents of the textbook + oral exam to assess students' knowledge of the socio-cultural contents of the course (articles included in the textbook) and oral expression skills.

The written test must be passed in order to be admitted to the oral exam.

During the Covid-19 emergency period, all tests will be organized completely online. The written test will be carried out on a specific platform, whereas the oral test will be organized as a video-conference using WebEx; the e-learning page of the course will provide a public link which allows for participation of virtual audience.
