COURSE SYLLABUS

Training in Emergency Room 2

2122-6-H4101D358-H4101D229M

Aims

Internships in the emergency room or for the student to learn about the different specialties of emergency medicine. This internship will include intensive inpatient experiences characterized by primary patient care responsibilities and direct relationships with senior and resident faculty. The student will always be followed by a member of the Faculty of Emergency Medicine. The student will examine and learn the procedures and resuscitation skills necessary for the management of the emerging and undifferentiated patient.

Contents

Resuscitation procedures and skills necessary for the management of the emerging and undifferentiated patient
