

# UNIVERSITÀ DEGLI STUDI DI MILANO-BICOCCA

### **SYLLABUS DEL CORSO**

## Metodologia della Ricerca Quantitativa (blended)

2122-1-E3901N078

### Learning objectives

Knowledge and understanding

To teach students methods and techniques of social research that are useful in professional activities. To teach students some basic methodological skills through guided training.

Applying knowledge and understanding

To give students an orientation on the different kinds of empirical research and statistical information in the social field, and to teach them to use these in a critical and conscious manner

Aims

At the end of the course, students will be able to carry out a simple piece of quantitative research

During the Covid emergency, lectures will be delivered online, using both asyncronous and syncronous teaching methods.
