COURSE SYLLABUS

The Corporate Strategic Analysis in a Competitive Environment

2122-2-F5602M021

Learning objectives

Knowledge and understanding

Corporate strategy learning offers students a methodological approach to strategic analysis which will enable them to understand its practical implementation and to analyse their own achievements through examples of business situations,

Ability to apply knowledge and understanding

The course helps students to develop adequate analysis skills to better understand and estimate different business strategies concerning:

- Assets/liabilities statement and profit/loss accounting
- Available resources
- Products and markets competitive perspectives.

Ability to inform judgments

The course stimulates independent judgment thanks to a pragmatic approach based on individual and group appraisal of the successful and unsuccessful business strategies under scrutiny.
