COURSE SYLLABUS

Stage in Department of Nursing/midwifery

2122-1-K0101D205

Aims

This stage refers to all the contents of the first and the second year of education.

Contents

This teaching is composed by an experience of practical training/stage in the first or the second year of education. The experience is aimed to observe the role of nurses and midwives working in the direction of hospitals or primary care services. This stage is for nurses or midwives students particularly interested in focusing on management and organization of health services. The stage will allow to actively participate to organizational meetings, human resources management activities and strategic direction.
