#### Course title

*The social stigma and education*

#### Topics and course structure

The course explores the categories, the instruments and the methodologies of a pedagogy of social inclusion. Briefly speaking, pedagogy of social inclusion is an educational reflection that questions the concept of “social inclusion” and “inclusive practices”. The course critically deals also with the design, the implementation and the evaluation of inclusive contexts aimed at developing educational processes.

**Subject of 2021-2022 course:** \_\_\_\_\_

What is a stigma? How do stigmatization practices work? How do they contribute to social exclusion? What is the relationship between stigma and educational experience? What does it mean to observe the stigmatization phenomena from a pedagogical point of view?

This academic year course intends to critically reflect on educational issues related to social stigma, problematizing them in the context of the pedagogy of social inclusion.

## Objectives

- To develop a critical knowledge of cultural, social and educational dynamics that produce social inclusion and/or exclusion;
- To be able to analyze, plan, evaluate educational contexts and processes utilizing an inclusive logic;
- To be able to connect pedagogical theory and educational practice

## Methodologies

Experiential learning, peer education, explanation and theoretical analysis of various theories about social and educational inclusion.

## **ERASMUS STUDENTS**

Erasmus students should contact the teacher in order to arrange the program and the references.

## **Programme and references for non-attending students**

The program and the references are the same for attending and non attending students.

## **Assessment methods**

The exam is different for attending and non-attending students.

Students who regularly attended the course are expected to summarize the key aspects of it, producing a speech in which they have to pointed out the most important aspects of the course they attended and to go in deep about them thanks to the study of the books. Students are also expected to critically engage with the contents of the course and with the texts.

Non-attending students: oral exam, aimed to evaluate:

- student's knowledge of the books;
- student's capability of discussing and critically engaging with the key notions of the texts;
- student's capability of connecting theory with his/her own professional and personal practice.
