UNIVERSITÀ DEGLI STUDI DI MILANO-BICOCCA

SYLLABUS DEL CORSO

The many facets of uncertainty in computer science

2122-87R-06

Title

The many facets of uncertainty

Teacher(s)

Davide Ciucci, with seminars by Federico Cabitza, Andrea Cerroni

Language

Short description

- Machine Learning

- Extension of standard machine learning algorithms to cope with uncertainties
- The Ground-Truth Problem: is the ground-truth certain?

- (Hints on) Exploiting uncertainty in Decision Making

- Uncertainty Communication and Visualization

CFU / Hours

20 hours

Teaching period

23 March - 6 May 2022
