COURSE SYLLABUS

History of Contemporary Family Law

2223-4-A5810039

Learning objectives

This course provides a specific overview of the history of Family Law in order to gain a better understanding of the Present and its future developments. Attending students will specifically have the opportunity to read and analyse historical sources and documents. Students will also be helped to improve their abilities to discuss and solve past legal cases. Students will thus able to read and understand legal texts while gaining at the same time the awareness that lawyers and jurists work using logical reasoning and arguments that are always well-founded and effective.

Contents
