DEGLI STUDI DI MILANO-BICOCCA

SYLLABUS DEL CORSO

Sociologia Urbana

2223-2-E4001N080

Learning objectives

To provide the students with the basic conceptual and analytical instruments for developing reflections on the city.

Contents

The course is oriented to deal with the following issues:

- birth and development of the urban sociology in Italy and in the world,
- the traditional and more recent research themes in urban sociology,
- quantitative and qualitative research methods in urban sociology.

Detailed program

First part: urban sociology

- The sociological analysis of the city
- The evolution of the urban phenomena
- Economy and urban society
- City conflicts and government

- Urban policies
- The city and the culture
- Urban space and environment
- Spatial sociology

Second part: urban research methods

- The ecological analysis and the survey
- The qualitative approach
- Flânerie as a strategy for urban explorations
- The analysis of “third places”

Prerequisites

Knowledge of the Italian language, critical analysis skills, knowledge of basic methodology.
