#### Course title

Karl Marx: from historical materialism to *Capital*

#### Topics and course structure

The course, after an introductory part on modern philosophy, will focus, in a first step, on the theoretical revolution brought about by Marx with the discovery of the 'history continent', and in a second on the fundamental concepts through which Marx in *Capital* provides a theory of capitalist society.

The examination may be given in English

#### Objectives

Stimulate the student's reflections on one of the most important analyzes of capitalist modernity, offering a series of conceptual tools that allow a critical understanding of the society in which they will operate as educators, showing the non-naturality, and therefore the modifiability, of the barriers and boundaries they will encounter.
