Assessment methods

Written final exam on the whole program (with optional oral examination at the request of the teacher or student)

The written test consists of:

- multiple-choice questions, aimed to verify in an extensive way the student’s knowledge about the whole course program,

- open questions, aimed to assess more in-depth the student's knowledge and understanding of specific topics of the course and their discipline-specific communication skills; open questions include both quite specific questions (which require a short answer) and questions on wider issues (which require a longer answer).

The final grade is calculated as a sum of the scores obtained in the single questions.
