COURSE SYLLABUS

Strategic Analysis - 2

2223-1-F7701M101-F7701M105M-T2

Learning objectives

The aim of the course is to provide the necessary tools to understand the choice and implementation of competitive and social strategies in companies.

At the end of the course, the student must demonstrate that he has acquired the fundamental principles and the typical language of the company strategy.

Contents

The course focuses on the study of issues related to the strategy: the company's strategic governance system, the company strategic formula, the system of corporate strategies, the strategy of the value.

Detailed program

Part One: Company strategy and governance.

- I. Business success and strategy.
- II. The strategic formula of the company.

Part Two: The system of business strategies.

- III. Business strategy.

- IV. The multi-business strategy.

- V. The financial strategy.

- VI. Social strategy.

Appendix: strategic analysis tools

Prerequisites

/

Teaching methods

Frontal lessons.

In the Covid-19 emergency period, lessons will be held remotely asynchronously with synchronous videoconferencing events.

Assessment methods

Report on a practical business case (vote awarded up to 30/30)

Oral examination of the whole program (open questions in which the student's ability to argue is tested, score awarded up to 30/30 with honors).

Final mark: average between written test score and oral exam mark.

There are no intermediate tests.

During the Covid-19 emergency period, oral exams will only be online. They will be carried out using the WebEx platform and on the e-learning page of the course there will be a public link for access to the examination of possible virtual spectators.
