COURSE SYLLABUS

Scientific writing in human and social sciences

2223-DOTT-MOD20

Title

Scientific writing in human and social sciences

Teacher(s)

Prof. Guido Veronese

Language

English

Short description

Objectives

The module is aimed at introducing the very fundamentals of scientific writing. From how to select an excellent outlet to the correct ways how to produce an abstract (structured and unstructured) and a concept note, or proposal scientifically sounding.

Target audience

Students from human and social sciences disciplines and approaches are welcome. Some glimpses of bibliometric and non-bibliometric approaches will also be provided.

Participants

Min 10 Max 35
