SYLLABUS DEL CORSO

International or foreign strategies, patent rights, employees and researchers' intellectual property rights

2223-DOTT-MOD08

Title

International or foreign strategies, patent rights, employees and researchers' intellectual property rights

Teacher(s)

Avv. Miriam Loro Piana

Language

English

Short description

Objectives

The seminar aims at providing the students with a specific knowledge on the main patent filing options and strategies, the exclusive rights granted by a patent and the employees and researchers' rights on the inventions realized during their work relationship with private and public entities.

Expected outcome:

- identify pros and cons of the different patent filing options;
- clear understanding of the scope of protection of a patent;
- legal framework of the employees and researchers' intellectual property rights and awareness of the risks deriving from a bad drafted employees' contract.

Table of contents

- International or foreign patent filing strategies: Italian patent application, European patent application and PCT patent application: timing and costs;
- Rights conferred by patents (moral rights and property rights) and scope of protection;
- Employees and researchers' rights on inventions: focus on Art. 64 and Art. 65 of the Italian Industrial Property Code and International perspective.

Detailed method

The workshop will be based on:

- interactive lecture;
- case studies.

Participants

Min 10 Max 30
