## **Prerequisites**

Basic competencies in Italian Sign Language (LIS).

## **Teaching methods**

- ? Frontal lesson supported by text, images and videos
- ? Exercises in pairs
- ? Video observation and commentary
- ? Dialogical reflection
- ? Meeting with deafblind guests during lessons

All material is shared with students.

## **Assessment methods**

The exam will be divided into two parts: written and oral. Both tests are compulsory and focus on topics covered in class. The written test will consist of closed and open questions. The oral test will consist of an exercise in pairs on interaction in LIS and in the simulation of guiding a deafblind person. Production skills will be evaluated the most.

## **Textbooks and Reading Materials**

Detailed information about the teaching material will be published on the e-learning page associated with the course.

## **Sustainable Development Goals**

REDUCED INEQUALITIES
