

UNIVERSITÀ DEGLI STUDI DI MILANO-BICOCCA

SYLLABUS DEL CORSO

Tirocinio Professionalizzante Area Medica 2a

2324-4-H4101D328-H4101D214M

Aims

The aims of the training period in Clinical Area 2 are to enhance the students' knowledge acquired during Medicine Training 1. By the end of this course, students will have to be able to identify the different phases of the diagnostic/therapeutic process in the different areas of internal medicine. The training program is performed with the help of a tutor who will follow the students through the steps of the process

Contents

To carry out a medical investigation, to make a critical argument as regards the laboratory tests, to apply the dialogue skills with the patient, to learn how to establish a good relationship with the patient, to learn how to use the right criteria of professional ethics.

Detailed program

The objective of the medical area 2 internship is to continue learning about the acquisition of the patient's medical history and complete physical examination, achieving a good degree of autonomy. Additional objective is to formulate differential diagnostic hypotheses and propose appropriate investigations to define the one consistent with the patient's clinical pathological status. Defining the correct diagnostic path to arrive at the diagnosis is the objective that is proposed as an additional step in the student's educational growth.

Prerequisites

Teaching form
Internship
