Clothing
Entertainment
Technology
Sports, hobbies and leisure
Natural world

Weather forecast
Food and health
Travel & Transportation

Objectives

At the end of the course, the students will have achieved level A2 of the Common European Framework of Reference
for Languages:
"They can read short, simple texts and identify specific, predictable information in material of daily use, such as advertisements, programs, menus, and schedules. They can understand simple and short personal letters and messages. They can communicate by dealing with simple and routine tasks that require only a simple and direct exchange of information on usual topics and activities. They can participate in short conversations on familiar topics. They can use a series of expressions and phrases to describe in simple words their family and other people, living conditions, school career and profession. They can take simple notes and write short messages on topics concerning immediate and daily needs or to thank someone."

Methodologies

Methodologies used The Synchronous Online English Language Workshop provides an immersive experience of 40 hours led by a conductor and designed to actively involve each student. During the interactive sessions, there will be discussions, group exercises and practical reading, writing, listening and speaking activities designed to enhance language skills, stimulate critical thinking and the ability to communicate effectively in English.
