SYLLABUS DEL CORSO

Market-Driven Management - 1

2324-1-E1801M035-T1

Learning area

Learning objectives

The course aims at understanding market orientation and introducing students to the firms' strategy, its overall organization and the management of its main activities.

Contents

The course covers various issues concerning market-driven management: the analysis of the competitive environment, the firm resources and competencies, the business model, the strategic action, and the management of the main firm functions.

Detailed program

Understanding the orientation to the market

Market-driven culture

The firm and its competitive environment

The firm resources and capabilities

The business model

Strategic planning and execution

Business-level strategy

Competitive rivalry and competitive dynamics

Corporate-level strategy

International strategy

Cooperative strategy

Operations and innovation management

Prerequisites

None

Teaching methods

Lectures and case studies with guest lecturers

Teaching language: Italian

Assessment methods

At the end of classes a written exam will be based on the lectures' content (open questions). Open questions include both questions on wider issues (which require a longer answer) and quite specific questions (which require a short answer).

During the exam sessions, the exam will be oral and on the Textbooks published on the course page.
