## SYLLABUS DEL CORSO

### Scienze Medico Chirurgiche e Cliniche Specialistiche

2324-2-I0202D126

---

#### Aims

The course must provide the student with the notions necessary to be able to recognize clinical emergencies and the skills to safeguard the life of the patient while waiting for the doctor. The course includes preparatory subjects, such as Anatomy and General Pathology, necessary to understand the Cardiorespiratory Pathophysiology that is related to Surgical and Internal Medicine Emergencies. The Course will integrate the teachings also in the field of diseases of the Visual Apparatus and Otorhinolaryngology.

#### Contents

**ANATOMY:** Learning of the basics of anatomy. Understanding where these concepts are useful for surgical procedures and physiotherapeutic rehabilitation.

**CARDIO RESPIRATORY PHISIOLOGY:** Identification of the main frames of respiratory diseases and their description.

**INTERNISTIC EMERGENCIES:** Recognize the pediatric main internistic emergencies frames.

**SURGICAL EMERGENCIES:** Recognize the main frames of surgical emergency and know how to describe them. Being able to appropriately address patients to care.

**GENERAL PATHOLOGY:** Concepts of general pathology. Etiology. Pathogenesis. Concept of homeostasis and disease. Onset and course of acute and chronic disease. General etiology. Physiological and pathological predisposing factors. Causes of disease: physical, chemical, biological. Virulence. Pathogenicity. Transmission of infections. Pathogenic action. General properties of the immune system. .

**OTOLARYNGOLOGY :** Ear, pharynges and larynges anatomy. Hearing assessment. Risk factors.

#### Detailed program

Detailed program is described within each module

## **Prerequisites**

## **Teaching form**

Lectures

## **Textbook and teaching resource**

Slides

## **Semester**

Second Semester

## **Assessment method**

7 quizzes (multiple choice quizzes with 5 answers of which only one is correct) for each of the 7 modules plus an open question relating to the teaching of Pathology, for a total of 50 questions. Exam carried out in the Computer Room

## **Office hours**
