## SYLLABUS DEL CORSO

### Assistenza Ginecologica - 5

2324-3-I0102D017-I0102D055M-T5

---

#### Aims

The course provides the skills for evidence-based Midwifery Care in the main gynaecological, onco-gynaecological, uro-gynaecological pathologies.

The student will be able to implement the Midwifery care of women in the diagnostic-therapeutic-assistance and rehabilitation pathways related to the mentioned pathologies through the Midwifery Partnership, Midwifery Management, ICF classification and Rating Scales.

#### Contents

Clinical-assistance skills for taking charge of a woman with a defined diagnostic, therapeutic, care and rehabilitation pathway in the gynaecological area.

#### Detailed program

Care and maintenance of the perineum and pelvic floor health.

Uro-gynaecological rehabilitation and re-education of pelvic floor function.

Pre-, intra- and post-operative midwifery care in benign and malignant uro-gynaecological pathologies.

Vulvodynia: diagnosis, therapy and midwifery counselling.

#### Prerequisites

None.
