COURSE SYLLABUS

Nursing Profession and Culture: Meeting With Representatives of Professional Associations

2324-1-K0101D102

Aims

Contribute to the knowledge of professional associations through encounter with personalities from some Italian professional associations.
Identify themselves as belonging to the nursing professional proactive model of meeting

Contents

The course aims to deepen the motivations and the added value that a nurse practitioner can experience in the active membership of a generic or category association.
Participation in an association, through sharing among the various participants, favors the development of training, the nursing culture and supports the motivations for quality professional growth as well as greater visibility in the scientific community and in the territory. It allows the nurse practitioner to have an international breath of confrontation and continuous scientific innovation.
