

UNIVERSITÀ  
DEGLI STUDI DI MILANO-BICOCCA

## SYLLABUS DEL CORSO

### Biochimica Clinica

2425-3-H4101D258-H4101D176M

---

#### Aims

The goal of the course is to provide the students with the tools for the correct use of biochemical tests for the digestive and endocrine system diseases, the elements for the comprehension of their physio-pathologic basis and the definition of their indications and interpretation.

#### Contents

The primary goal of the course is to provide students with the pathophysiologic basis to understand the clinical and surgical semeiotics and the physiopathology of the digestive and endocrine system in order to make correlations between the inner mechanisms of diseases and their clinical expression. The student will be able to interpret symptoms, signs and laboratory tests as well as radiologic and endoscopic findings. Clinical tools to understand concepts of organ-limited disease, system involvement or systemic disease will be provide.

#### Detailed program

1. Clinical enzymology
2. Liver Enzymes (AST, ALT, GGT, ALP)
3. Other diagnostic enzymes (Amylase, Lipase, CK, LDH, CHE)
4. Acute and chronic viral hepatitis
5. Toxic hepatitis
6. Bilirubin and hyperbilirubinemia
7. Biochemical tests for liver fibrosis
8. Test for the evaluation of thyroid function. Indications and interpretation
9. Laboratory tests for the diagnosis and monitoring of Diabetes Mellitus

10. Dyslipidemias
11. Kidney diagnostics
12. Laboratory of adrenal glands
13. Laboratory diagnosis of the adenohypophysis and neurohypophysis
14. Diagnostics of the parathyroids
15. Biochemical markers of osteoporosis. Indications and interpretation

## **Prerequisites**

Propaedeutic skills in General pathology and Immunology

## **Teaching form**

6 frontal Lectures of 2 hours each

## **Textbook and teaching resource**

Ciaccio e Lippi Biochimica Clinica e Medicina di Laboratorio Edises 2023

McPherson RA, Pincus MR Henry's Clinical Diagnosis and Management by Laboratory Methods, 23a edizione in lingua inglese. Ed. Elsevier, 2016

Federici G. Medicina di laboratorio ed McGraw-Hill. IV edizione, 2014 Marshall W, Lapsley M., Day A Clinical chemistry ed Mosby. 8a edizione in lingua inglese. Ed. Elsevier, 2016

## **Semester**

Second semester.

## **Assessment method**

Evaluation of the knowledges and skills acquired.  
Oral discussion on the program

## **Office hours**

Students can book an appointment with the Faculty by email.

## Sustainable Development Goals

GOOD HEALTH AND WELL-BEING | QUALITY EDUCATION | GENDER EQUALITY
