UNIVERSITÀ DEGLI STUDI DI MILANO-BICOCCA

COURSE SYLLABUS

Digital Media and Cultures

2425-1-F8802N059

Learning objectives

The course aims to provide an overview of contemporary media dynamics, particularly emphasizing the influence they have on culture. By studying the functioning of new media, the course will allow students to deepen their understanding of the technological, social and cultural underpinnings of the contemporary media ecosystem, and will provide them with tools that will be useful during their work life.

Contents

In the first part we will analyze the changes in the media industry in the new century, trying to highlight the technological and digital transformations that have profoundly changed this sector. In the second part we will focus on analyzing the birth and structure of the creative industry on social media.
