COURSE SYLLABUS

Literature Review Lab

2425-111R005

Title

Teacher(s)

Stefano Calciolari

Language

English

Short description

The course has three-fold aims:

- to provide doctoral students with the fundamental concepts and methods necessary to conduct a scholarly literature review (SLR);
- to train doctoral students to assess the rigor of a SLR;
- to train doctoral students to select the appropriate SLR for a defined research question and draft a review protocol.
