COURSE SYLLABUS

German Language for Tourism

2526-2-F7601M059

Learning objectives

The course of *German for the Science of Tourism* consists of the following modules:

1. *German for tourism*: 6 credit points

- development and consolidation of language skills in the four language activities as specified in the *Common European Framework of Reference for Languages*: writing, reading, listening comprehension and oral production.
- consolidation of communication and intercultural skills necessary to pursue a career in the tourism industry
- consolidation of learning strategies for self-study and development of research methods

2. *German culture*: 4 credit points

- diachronic and synchronic investigation of multi- and cross-cultural aspects with reference to:
- language, society, culture and economy of the German-speaking area

Contents

- Deepening of language skills
- development of cultural and inter-/intracultural skills necessary to operate in the international and global world of *incoming* and *outgoing* tourism
- investigation of issues related to language, culture, thought, society and economy by using of written and oral sources for a better knowledge and understanding within the field of tourism communication

Detailed program

- Analysis of written and oral texts from diverse historical-literary and economic-social sources on topics related to: language, culture, thought, society and economy
- Reading various types of texts (newspaper and magazine articles, brochures, etc.)
- listening to podcasts and videos
- grammar and communicative exercises to improve written and oral production
- expansion of industry-specific vocabulary and communicative strategies that can facilitate interaction with German-speaking clients in a variety of situations
- translations from German into Italian

Prerequisites

Level A2+ / B1 *Common European Framework of Reference for Languages (CEFR)*.
