COURSE SYLLABUS

Administrative Regulation

2526-2-FSG01A013-FSG01A019M

Learning objectives

• Knowledge and understanding of the key elements of the regulation of State-owned companies companies from an Italian administrative law perspective.
• Comprehension and analysis—also through practical and case-law examples—of the interests involved and the functions served by the relevant legal rules.
• Independent judgment in interpreting legal provisions and identifying the most appropriate legal solutions.
• Communication skills in presenting and discussing legal topics, both in written and oral form.
• Ability to learn autonomously, including through the consultation of legal sources, academic literature, and case law.

Contents

The course covers the main aspects of the regulatory framework for publicly owned companies, with particular emphasis on the Consolidated Law on Publicly Owned Companies (Legislative Decree No. 175 of Aug. 19, 2016) and in-house providing.

Detailed program

- Public economic initiative in the Constitution;
- Public enterprise, SGEIs in European law and Legislative Decree 201/2022;
- Publicly owned companies and organizational forms of the Public Administration;
- In-house companies: genesis and evolution of the phenomenon;
- In-house contracting in the Consolidated Law on Publicly Owned Companies and the new Public Procurement Code.

Prerequisites

Basic knowledge of Administrative Law.

Teaching methods

In class lecture-based teaching, which includes lectures, class discussion of cases and materials, class exercises. It is also possible, on a voluntary basis, to carry out interactive teaching such as researches on selected topics and presentations.

Assessment methods

Oral exam (questions/conversation on the topic covered in class) aimed at verifying students' ability to present, understand, and apply legal concepts, as well as their independent judgment and competence in legal language.
Students will have the opportunity of taking a written exam at the of the classes of each of the two sections of the course. Such exam will be written and will include open-ended questions, close-ended questions, and the analysis of a case.

Textbooks and Reading Materials

Le società a partecipazione pubblica a tre anni dal testo unico, a cura di C. Ibba, Giuffrè, Milano, 2019 (further informations on reading materials will be provided on Moodle at the beginning of the course).
Literature and case law materials will be provided during the course and uploaded to the e-learning platform.

Sustainable Development Goals

INDUSTRY, INNOVATION AND INFRASTRUCTURE | REDUCED INEQUALITIES | SUSTAINABLE CITIES AND COMMUNITIES
