## COURSE SYLLABUS

### Recent developments in plasma physics

2526-113R041

---

#### Titolo

Recent developments in plasma physics

#### Docente(i)

CLAUDIA RICCARDI

#### Lingua

english

#### Breve descrizione

The course focuses on recent advances in low-temperature plasma physics and fusion plasmas. It features seminars given by PhD candidates and graduates, followed by discussions on the topics presented. The seminars will explore subjects covered in the conferences and schools attended by the PhD students.

#### CFU / Ore

1 CFU/8 ore

## **Periodo di erogazione**

September 2026

## **Sustainable Development Goals**

ENERGIA PULITA E ACCESSIBILE
