COURSE SYLLABUS

Valutazione critica dei materiali didattici geografici e progettazione curricolare delle attività di insegnamento della geografia

2526-A12-FIA12011

Title

Critical evaluation of geography teaching materials and curriculum design for geography teaching activities

Teacher(s)

Enrico Squarcina (enrico.squarcina@unimib.it)

Language

Italian

Short description

The course will critically analyse some teaching materials used for teaching geography (textbooks, atlases, maps) and how many materials not designed for teaching can become important geographical sources. It will also analyse the relationship between educational objectives, curriculum design, information sources and teaching materials.

CFU / Hours

1 credit - 6 hours of attendance. A minimum attendance rate of 70% of the entire course is required to be admitted to the final exam.

Teaching period**Sustainable Development Goals**
