COURSE SYLLABUS

Laboratory 2 of Literacy Learning and Teaching

2627-3-G8501R041-G8501R065M

Course title

G8501R041 ***- M/PED 03 - Workshop 2- Reading and Writing: from Process to Practice***

Topics and course structure

Workshop 2 is a 12 hours required attendance corse (the absences are governed by the laboratory regulations)-

Workshops 2 topics:

- Linguistic reflection (processes of grammatical discovery)
- Textual revision
- Collaborative reading and reading comprehension strategies
- Analysis of narrative plot in picture books to promote reading comprehension.

Objectives

Through the workshop the students will have the opportunity to connect theories and practice through teamwork focused on literacy practices and learning of the written language.
Workshop 2 goals:

- To know how to design processes of grammatical discovery
- To know how to provide effective feedback in order to promote writing skills
- To know how to approach textual revision
- To experiment with collaborative reading, designating specific roles

- To identify narrative plots in picture books
- To reflect on personal experiences of teaching in linguistic areas (if teaching) or on internship experience related to the issues faced during the course
- Promote the active participation and critical thinking of the students
