SYLLABUS DEL CORSO

Istologia

2627-1-I0301D003-I0301D009M

Aims

The student will learn:

- To know and describe the structure and ultrastructure of the eukaryotic cell and correlate the morphology to the function of each organelle.
- To know and describe the structure and morpho-functional characteristics of human tissues.
 - To know and describe the structure and morpho-functional characteristics of the tissues of tooth and periodontium

Contents

The Histology Module provides the student with the essential theoretical knowledge of the ultrastructure of the eukaryotic cell and of the structure of the various tissues of the human organism. In particular, a lesson will be held on the tissues that constitute tooth and periodontium.

Detailed program

Cytology

- General properties of eukaryotic cells;
- Cell membrane;
- Cytosol;
- Intracellular compartments, cytoplasmic organelles;
- Nucleus

- Cytoskeleton.

Histology

- Tissues: classification and methods of study;
- Epithelial tissue;
- Connective tissue;
- Adipose tissue;
- Cartilage;
- Bone;
- Smooth muscle, skeletal muscle, cardiac muscle;
- Nervous tissue;
- Blood;
- Tooth and periodontal tissue (enamel, dentin, pulp, cementum, periodontal ligament).

Prerequisites

Scientific knowledge at high school level

Teaching form

6 frontal practical sessions (2 hours each) in attendance.

Textbook and teaching resource

Bani D. et al.: ISTOLOGIA per le lauree triennali e magistrali. Idelson Gnocchi

Adamo S. et al.: ISTOLOGIA per i corsi di laurea in professioni sanitarie. Piccin

Last editions

Semester

First semester

Assessment method

The histology written test will consist of 15 multiple choice questions to check preparation on the exam programme. Each correct answer will be awarded 2 points; omitted or incorrect answers will receive 0 points, with the exception of the question regarding the tooth/periodontium. For this final question, 2 points will be deducted for any omission

or incorrect answer

Office hours

From Monday to Friday upon request for an appointment via email (gabriella.nicolini@unimib.it).
