DEGLI STUDI DI MILANO-BICOCCA

SYLLABUS DEL CORSO

Introduzione alla Metodologia Clinica

2627-1-I0106D003-I0106D00305

Aims

Knowledge and Comprehension:
Knowledge of the general characteristics and stages of the nursing process, with particular attention to the initial assessment stage.

Ability to Apply Knowledge and Comprehension:
Apply knowledge related to the nursing process, recognising its general characteristics and articulating its stages, with particular attention to the initial assessment stage.

Autonomy of Judgment:
Critically analyze data and information collected in the Initial Assessment phase to plan nursing care.

Communication Skills:
Effectively communicate the results of the Initial Assessment with respect to the nursing process.

Learning Skills:
Develop the ability to continuously deepen and update knowledge of the nursing process.
