SYLLABUS DEL CORSO

Identità Professionale e Interprofessionalità

2627-1-I0204D002-I0204D00204

Aims

Dublin Descriptor 1 – Knowledge and Understanding

- Describe the main characteristics of the professional profile of the physiotherapist, including role, areas of practice, and responsibilities.
- Demonstrate knowledge of the structure and key contents of the physiotherapist's code of ethics, highlighting the main duties toward patients, colleagues, and institutions.

Dublin Descriptor 2 – Applying Knowledge and Understanding

- Identify and classify personal, educational, and organizational factors that contribute to the development of the physiotherapist's professional identity.

Dublin Descriptor 3 – Making Judgements

- Analyze clinical and organizational situations in order to recognize appropriate or critical professional behaviors in relation to the physiotherapist's role.
- Evaluate the ethical appropriateness of professional scenarios, supporting decisions based on the code of ethics and the core principles of the profession.
