\* Please note that final marks include the evaluation of all homeworks. It is possible to see exams having a meeting with the professor: please write to [paolo.tedeschi@unimib.it](mailto:paolo.tedeschi@unimib.it)

ERASMUS students have to register themselves for the exam of 24 January - History of the European Integration.

BICOCCA students have to register themselves for the exam of 24 January - Economics and History of the European Integration - ONLY IF they will have in that date the exam of Economics of the European Integration (or if they have already obtained a positive evaluation in this last). Please note that the positive mark in History of the European Integration is valid until APRIL 2024.

Next January, when you register yourselves, please REMIND TO FILL IN THE QUESTIONNAIRE: the information allows professors managing the Master in International Economics to better organize the courses and improves them for future students.

Merry Christmas and Happy New Year

Paolo Tedeschi
