

POLO DI FORMAZIONE UNIVERSITARIA «PAPA GIOVANNI XXIII» Bergamo

University of Milano-Bicocca

Activities:

The teaching hub hosts students of the following degree programs:

- ❑ **6-year master's degree in Medicine and Surgery**, in collaboration with the University of Bergamo and the University of Surrey (UK).
- ❑ **3-year Health Professions bachelor's degrees:**
 - Physiotherapy
 - Nursing
 - Obstetrics
 - Medical Radiology Imaging and Radiotherapy Techniques

The facility has three floors:

- ❑ **Ground floor:** administrative offices, tutors' and didactic directors' offices, office of the course director of the Medicine and Surgery degree program, standard classrooms (classroom 6 is dedicated to distance learning), study spaces, refreshment area with vending machines.
- ❑ **Floor -1:** classrooms for interactive teaching, simulations, and practical exercises.
- ❑ **First Floor:** standard classrooms, PBL classrooms, study spaces, refreshment area, tutors' and didactic directors' offices.

The facility is open Monday through Friday from 8 am to 6.30 pm

The facility is equipped with air conditioning. For it to work sustainably and efficiently windows and French windows must be kept closed.

Monitors displaying the classrooms and lectures scheduled for the day are placed in the entrance hall and on the first floor. Monitors are linked to the official class timetables published on [Agenda Web](#) (scan the QR code on the right)

The facility is covered by the **University of Milano-Bicocca free Wi-Fi network** which can be accessed with University credentials. For further information please refer to the [University website](#) (scan the QR code on the right)

The facility is equipped with a **video surveillance system**. Please read the notices affixed at the entrance of the building and in each classroom. Please respect the rules and regulations provided by the competent authorities to ensure a smooth-running of teaching and administrative activities (see the [University regulations](#) or scan the QR code on the right)

Smoking is prohibited in all areas. For more details, including applicable sanctions, please refer to the relevant [University regulations](#) (scan the QR code on the right)

Use the pedestrian overpass to safely cross Via Briantea!
